

A close-up photograph of a hemp plant with vibrant green, serrated leaves. The plant is set against a dark, almost black background, which makes the green leaves stand out. The lighting highlights the texture of the leaves and the small buds at the top left.

HEMP 777

A decorative graphic element consisting of a large, downward-pointing chevron shape. The interior of this shape is filled with a repeating pattern of stylized hemp leaves in a light green color. The background of the entire page is a dark green color.
